Washington 7, D. C.

Dear Mr. Dulles:

I returned from a business trip this morning to find a letter from Jim Barker requesting that you receive a Sears spring catalog.

In my absence a copy was forwarded to your home and also one to your office.

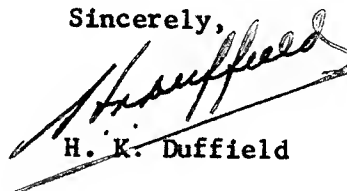

I am merely writing to let you know that Jim did make this request of me and that it has been handled.

If at any time we can be of service to you or Mrs. Dulles you need only call Mr. John Barnett, who is the general manager of our retail operations in Washington, and he will be glad to render any personal service in addition to the general routine of the company in processing orders or services.

Feel sure you will enjoy looking through this fine catalog as we are very proud of it and of the quality of merchandise represented on the pages.

Kindest regards.

Sincerely,

H. K. Duffield
